

Khayeri | KHAYERI
CURATED
FLOORING™

Worship the ground you walk on.

MEHRAN *Khayeri*

INTRODUCTION

*At Khayeri,
the genius is
in the design.*

Canada's premier curators of beautiful flooring, Khayeri knows that great design starts from the ground up - laying the foundation for the visual tone of the space.

Drawing design inspiration from remarkable destinations around the world - like Copenhagen, the Palace of Versailles, SoHo, and Verona - Khayeri creates unique collections of luxury engineered flooring to elevate any room.

THE LINE

VERSAILLES

Palace Collection

A display of extravagant opulence, the Palace Collection features old world European craftsmanship, each plank an artisanal masterpiece. Hand-selected to favour wood with the fewest small knots, the result is a more consistent, cleaner look, with less variation between planks.

Made of the finest grade French White Oak, the Palace Collection boasts extra wide and extra long planks for lavish beauty, coupled with our most refined, artisanal hand-finish treatments.

Chateau Collection

Elegant distressing, rich texture, knots, and deep variations in tonality define the exemplary flooring of the Chateau Collection. Celebrating the natural character of hardwood, the Chateau Collection is available in both Rustic Grade and Reclaimed varieties. Featuring a true artisanal hand-finish that embodies the aged, rustic sensibilities of a storied French manor, the Reclaimed Series features three-hundred-year-old European White Oak sourced from rare historic chateaus, farm houses, public buildings, and rail roads throughout the Netherlands, Belgium, and France.

Custom European Patterns

Choose from nine beautiful flooring patterns to add a touch of sophistication and old-world elegance to any room. Patterns include; chevron, herringbone, Versailles, and more.

VERSAILLES
PALACE COLLECTION

370

SMOOTH

Bring the beauty and warmth of Artisanal
French Oak into your home.

Combine modern touches with the flooring's rich character for contemporary and transitional appeal.

RECLAIMED

Add a historic element to your space with our
300 year old Reclaimed French White Oak.

SCANDINAVIA

Nordic Collection

Drawing upon Norway's hazy, abundant forests, the Nordic Collection celebrates nature's splendour with a unique colour selection. Hand-selected to favour wood without knots, the result is a cleaner, more minimalistic Scandinavian look, with almost no variation between planks. The extra-wide 8" planks, with the highest structurally stable core support sourced from sustainable Scandinavian & Baltic forests, come in both sanded smooth or lightly-brushed finishes to bring out the natural beauty of the wood, in the finest grade, wide plank French White Oak or European White Ash available anywhere.

Copenhagen Collection

Combining balanced, minimalistic style with practicality in typical Scandinavian fashion, the Copenhagen Collection was influenced with the modern, clean design Khayeri saw there. Available in 7" wide planks and with the highest structurally stable core support sourced from sustainable Scandinavian forests, the Copenhagen Collection is available in a sanded smooth finish. Choose from premium select grade French White Oak or White Ash: the highest grade of wide plank wood on the market.

SCANDINAVIA
NORDIC COLLECTION

141
